

SCAVENGER HUNT

How many items can you
find?

HOW TO PLAY

- The game will be divided into 3 rounds. Each round will get more difficult and be worth more points.
- Once the items are displayed on the screen, you will have 3 minutes to collect as many as you can and bring them back to the camera.
- You must be back at your starting spot when the bell rings, signaling the end of the round.

- Players will share the items found and points will be tallied. Youth leaders have the final say on acceptable items.
- After 3 rounds, the player/team with the most points wins.
- All participants will be muted and music will be played during the scavenging phase. Listen for the time left warnings, and the bell that will signal the end of the round.
