

# YOUTH MINISTRY 101

Just starting out in youth ministry? Looking for a way to dive deeper into what it means to engage in comprehensive youth ministry? Heard of "Renewing the Vision" but don't know what it's about?

We have your back! Contact us today to schedule a training to learn about the components of comprehensive youth ministry as well as some fundamentals for ministering to Gen Z. These trainings can be parish specific, addressing the needs of the young people in your parish community.

This training is for new youth ministers, those who need a refresher, parish councils, other parish ministries, and anyone who wants to learn how to walk with young people.
